Part List

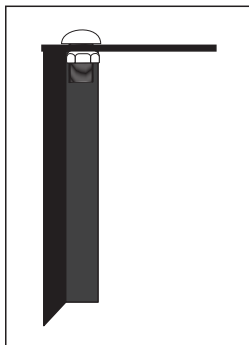

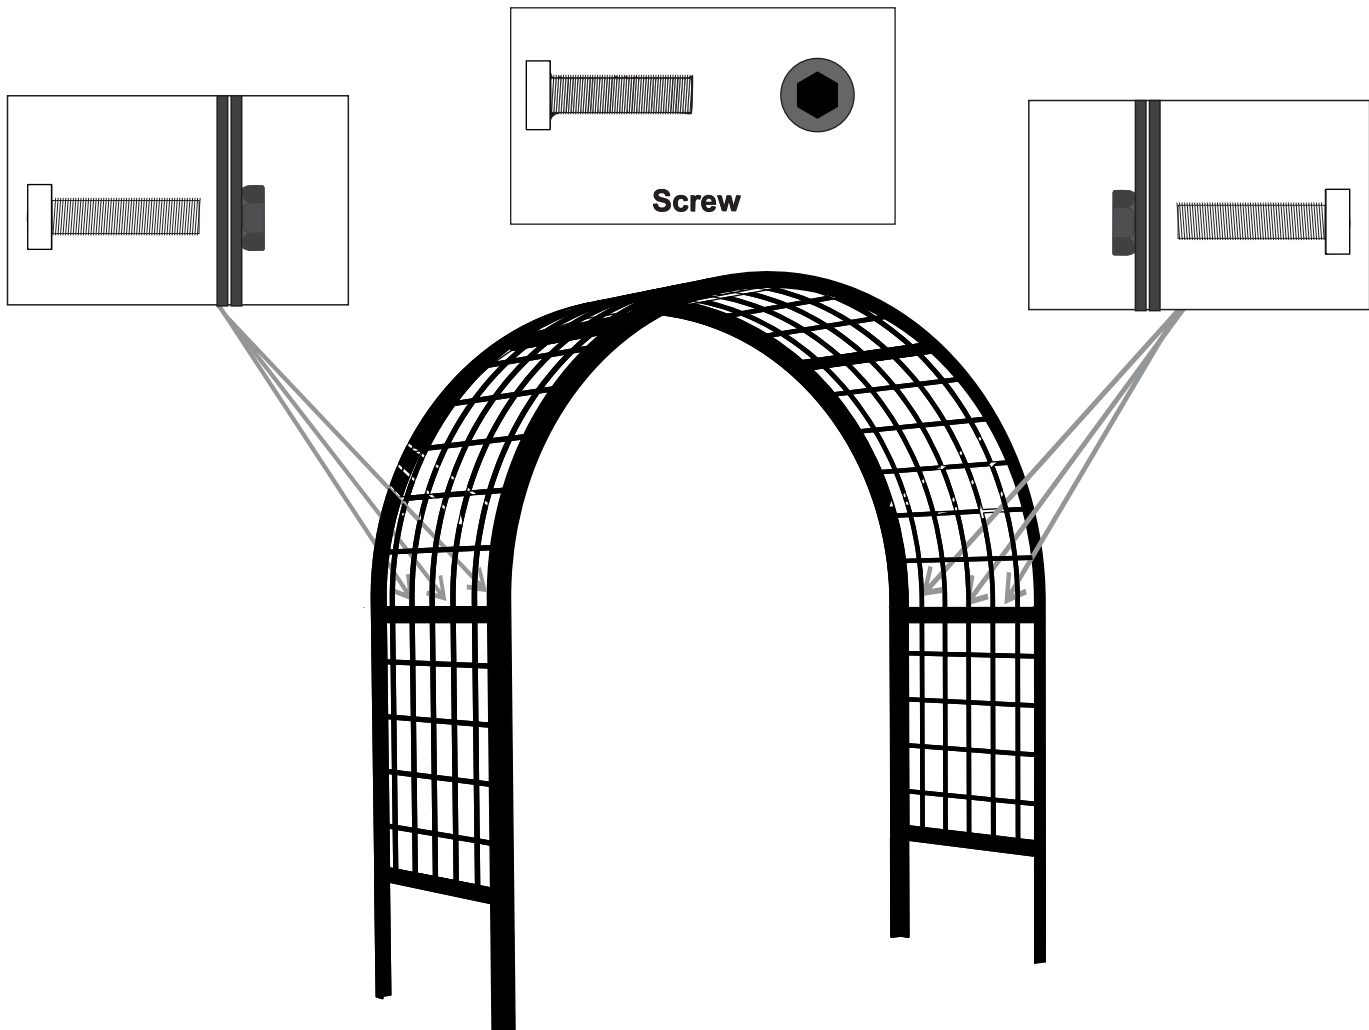

- (3) CURVED PANELS
- (2) STRAIGHT PANELS
- (4) CONNECTORS

Tools Required

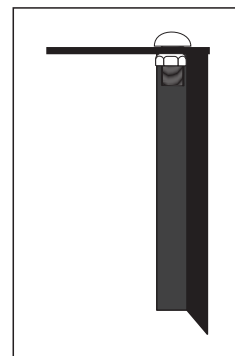

HEX KEY (Included)

Remove the screws in place, Assemble product step by step.

Retighten all screws and fitting periodically. Using the Allen wrench.

1. Assemble arch pieces as shown and hand-tighten screws.
2. Remove the plastic caps from your elevated planter's aluminum corners.
3. Insert arch legs into corners (this may be easiest with two people).
4. Fully tighten all screws with Hex Key.
